SAP Training and Adoption

Top Introductory Courses for **SAP S/4HANA®**

THE BEST RUN

Evolve into an Intelligent Enterprise with the Next-Generation ERP Business Suite

Get your people quickly up to speed on SAP S/4HANA with virtual and onsite expert training

Intelligent enterprises use technologies like SAP S/4HANA® to turn insight into action across the business—in real time. With the power of artificial intelligence and advanced data integration and functionality, these companies are using SAP S/4HANA to fundamentally transform their core business processes and drive innovation.

To take advantage of the full capabilities of SAP S/4HANA, implementation teams and users need to learn new skills specific to their role as they adapt to rapidly evolving ways of doing business. To help them drive highest level of enablement, SAP offers training and adoption solutions that provides people with the knowledge they need to improve performance and increase business value.

Whether you are implementing a new SAP project with SAP S/4HANA, or upgrading and migrating existing SAP software, the more you prepare your people, the more your company will benefit. And with the training SAP provides based on their specific role and skill level, they are sure to succeed.

Because people have different learning styles and time constraints, SAP S/4HANA training comes in an array of formats. They can choose from virtual live instructor-led courses, traditional-style classrooms, self-paced online training, and collaborative e-learning environments. They can also combine any of the learning modalities into a blended approach that accommodates their specific functional needs and preferred way of learning.

SAP Learning Hub provides **subscription-based online access** to a wealth of SAP learning journeys, self-paced e-learning, expert-led social learning forums, and optional live SAP software applications for real-world practice.
